**FLEA & TICK CONTROL AND HEARTWORM PREVENTION OPTIONS**

Due to recent advances in flea control, tick control and heartworm prevention, there are many products available on the market. The following information describes products that we carry and is meant to help you select the products that are best for your pet. Remember all products are effective if used as directed!

**Heartworm prevention:** Recommended year round in our area for both dogs and cats. Heartworm is a mosquito transmitted disease. We recommend starting your pet on heartworm prevention by 12 weeks of age.

	Dogs	Cats	Chewable Tablet	Topical	Frequency of use
Heartgard	X	X	X		Monthly
Revolution	X	X		X	Monthly

**Flea Control:** Recommended for both dogs and cats.

	Dogs	Cats	Topical Application	Oral	Duration	Kills Adult Fleas	Kills Flea Eggs
Frontline Plus	X	X	X		Monthly	X <small>(all Flea Stages)</small>	X
Revolution	X	X	X		Monthly	X	X
*Comfortis	X			X	Monthly	X	
Advantage	X	X	X		Monthly	X	
*Capstar	X	X		X	24 Hours	X	

\*Capstar & Comfortis may be combined with other products for more comprehensive flea control.

**Tick Control:** Recommended for both dogs and cats that have tick exposure.

	Dogs	Cats	Topical Application	Oral	Collar	Duration
Frontline Plus	X	X	X			Monthly
Revolution	X	X	X			Monthly
* Preventic Collar	X				X	3 Months

\*Can be used in addition to any of the above products in dogs for additional tick protection.

**Notice:** Some products are in more than one category because they do multiple things. One of our veterinarians can help you determine the product(s) that will work best for your pet.
